KAVANGO THREADS · LUXURY FASHION HOUSE

01 / THE HOUSE

A new language of African luxury.

Born in Botswana and shaped by the Okavango Delta, Kavango Threads is a luxury fashion house where nature, heritage, and modern elegance move as one.

Our collections translate waterways, reeds, light, cultural memory, and African confidence into pieces of quiet power - designed with restraint, crafted with purpose, and made for a global stage.

THE KAVANGO DOCTRINE

01 Luxury & Elegance

Refinement in every line, material, and finish.

02 Authenticity

Rooted in Botswana's cultural and natural heritage.

03 Sustainability

Ethical production and considered material choices.

04 Exclusivity

Limited releases preserve rarity and prestige.

Nature is our first atelier.

THE OKAVANGO DELTA

A landscape that moves through every collection.

A UNESCO World Heritage Site of extraordinary biodiversity and cultural significance, the Delta gives Kavango its visual grammar: fluid lines, luminous colour, natural rhythm, and rare discovery.

We honour Tswana traditions, the diverse vaKavango people, and communities inseparable from this living landscape.

Objects of desire. Stories of place.

01 READY-TO-WEAR

Sculptural silhouettes and considered textiles for a modern global wardrobe.

02 ACCESSORIES

Eyewear and collectible objects finished with the emblems of the house.

03 HOUSE TEXTILES

Distinctive fabrics for fashion, hospitality, interiors, and private commissions.

04 BESPOKE

Limited commissions shaped around story, place, and purpose.

A house with global ambition.

Kavango carries a distinct modern African point of view into the world's most exacting luxury markets - while retaining its origin, integrity, and sense of place.
